

to be used primarily on the ends of your hair. Avoid conditioners that contain silicone, since they tend to strip color.

Extra tip :

processed hair

Wash your hair only every few days to prevent drying out. You can use a dry shampoo or if you're blond, a talcum powder, in between washings.

Florame Bio Sublim Shampoo @ Pure Beauty

4. Dry, damaged hair:

Avoid clear shampoos and go straight for the creamy ones. These smooth, detangle and diffuse static.

Conditioners: Again, moisturizing is key. You'll want to look for an ultra-moisturizing conditioners
